Brown's Sunnyhill Gardens

Route 4, Box 136

Walla Walla, Washington

Greetings!

As we begin preparation of our NINTH annual catalog of Iris offerings, we extend our very sincere appreciation to those of you whom we have been privileged to serve in the past. Our grateful thanks for your many letters and cards expressing satisfaction and pleasure achieved with our high quality plants. Our files contain hundreds of letters which can only be answered by saying: "Thank you, all!" and pledging our continued efforts to provide Service, Quality, and Selection to the best of our ability. To those who are receiving our catalog for the first time—we shall be happy to welcome you into our ever growing family of satisfied customers.

It has been our custom to offer all varieties in good supply at prices approximating "Collection Discount" rates. We shall continue to do so!

There is no need to figure fancy percentage discounts, nor to accept iris which you do not want, just to have those desired! In addition to already low prices it is our policy to include with each order as fine a Gift Iris as the amount of purchase indicates. Our customers often express amazement that we do this; however, since ours is a full time business, not a side-line, we take this means of showing appreciation and sharing our pleasure with you.

Sincerely,

Tom and Opal

INTRODUCING FOR 1961

BRIGHT CLOUD

\$25.00

(O. Brown '61) Height 38". Early to Midseason. (Melodrama X. Pierre Menard X Jane Phillips). The clean white standards are full and domed. The falls are medium blue with a pale yellow beard tipped blue. There are no haft venations to mar the wide, ruffled falls which are semi-flaring. Tall stalks are excellently branched; many buds give a long season of bloom. Fertile both ways and a vigorous grower. This charming iris received only the most favorable comment in competitive judging. Sdlg. #9-8A15 H.C. '60.

BROADMEADOW

\$20.00

(O. Brown '61) Height 32". Early to Midseason. (Gosper x Beth Corey). This pale powder-blue is one of the widest petaled irises we have ever grown. The standards are very wide, with small protuberances near the base which add to the ruffling. The smoothly finished, ruffled falls are held almost horizontally. New blooms open before old ones are finished because of the very heavy substance and long lasting qualities; for this reason one could wish the stalks were a little taller, but the delightful beauty of each individual bloom leaves one without thought to faults. Fertile both ways. PICTURED ON FRONT COVER. Sdlg. #8-7A7 H.C. '60.

CEDARCREST

\$20.00

(O. Brown '61). Height 38". Early to Midseason. Tahola X ((Chantilly x Pretty Quadroon x My Darling)). This charmingly laced plicata has rosy-brown standards and semi-flaring falls which are white with plicata markings of a deeper rosy-brown and a full orange beard. The brown laced style crests are pleasingly visible through the openings of the ruffled, domed standards. Very good branching; sturdy stalks and many buds. A vigorous grower! Cedarcrest will be most useful in breeding for laced plicatas as it has abundant pollen and sets seed. Sdlg. #9-9B10 H.C. '60

EMERALD FOUNTAIN

\$20.00

(O. Brown '61). Height 38". Midseason. Blue Sapphire X (((Hit Parade x Pink Formal) x Mary Randall)) X Limelight))). Domed standards are light Uranium Green; falls are pale flax blue with edges brushed Uranium Green and Primrose yellow. A wide, full deep lemon-yellow beard is in harmony with the subdued colors. All petal edges of the ruffled blooms are heavily laced—Strong stalks have three way branching and many buds. For irisarians who are seeking irises in green tones EMERALD FOUNTAIN is sure to please both the hybridizer and Fancier as it is fertile both ways. Sdlg. #8-22B16.

GYPSY LULLABY

\$30.00

(O. Brown '61). Height 36". Midseason. (Melodrama X Fashionette). Most unusual form and intriguing color harmony combine in making this new iris truly distinctive! Fashionette (derived from a long line of red bearded pinks) crossed with Paul Cook's already famous Melodrama, gave us Gypsy Lullaby. As a breeder it gives promise of almost unlimited color combinations and beards, since it is fertile both ways. Greatly admired by all who have seen it growing in our gardens. The ruffled standards are "Butterscotch" with a violet flush emanating at the base of the sturdy midribs. Ruffled and fluted red-violet falls are held almost horizontally and are of full rounded form with intense fluting at the very wide hafts. Beard is deep orange. Sdlg. #9-7A2 H.C. '60. **Limited number of plants to be released this season, not more than one (1) per customer—Please!**

The following popular and time tested irises are grouped together to save you time and money. Excellent varieties in a wide color range at reduced prices to give you Best Quality at lower cost . . . Minimum Order \$5.00 . . . Please list a few extra varieties to be used as Gifts or Alternates.
